

International spirit

Today, our Pre-IB class consists of 20 students aged 15-20 years. It is a perfect blend, not only of the genders, 8 boys and 12 girls, but it is also a truly international class with students from 10 nationalities.

It is a class where they worship good social relations, and the students are respectful to one another and towards different cultures.

The IB Diploma opens a world of opportunities

IB Diploma is an internationally recognized education. With an IB Diploma you can apply to universities and institutions of higher education all over the world.

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who will help create a better and more peaceful world through intercultural understanding and respect.

IB students are forever curious, fully engaged citizens, who both embrace their own culture

and are open and responsive to other cultures and views.

The academic standard is very high and it requires bright, passionate and self-disciplined students.

The Pre-IB is a one-year course preceding the IB Diploma Programme aimed at those students who are not ready for direct entry into the IB Diploma Programme.

The course is offered to Danish as well as foreign students who have not finished 11 years of education and it is equivalent to that of the first year of the Danish “gymnasium” (the upper secondary school). The course is taught in English.

Pre-IB Sønderborg

The IB school in Sønderborg is located at EUC Syd, together with “Teknisk Gymnasium”.

Subjects

In Pre-IB we follow the curriculum for the Danish “Teknisk Gymnasium” which includes the subjects:

English, A, Social Studies B, Technology B, Math B, Physics B, Chemistry B, Communication/IT A, Biology C, Danish A, History and Visual Arts.

All the courses are in English except for Danish. We offer Danish to non-Danish speakers.

The Pre-IB course prepares the students for entrance into the IB Diploma Programme, where they will choose six subjects to study over the course of two years.

For more info on the subject choices for the IB Diploma Programme, please see our website or contact our IB-Coordinator
