The rules

Quiet hours: Please keep it quiet from 22:30 and onwards. That means no loud music – and definitely not with your window or door open.

When you get your key card, you agree to follow EUC Syd's rules and policies. They're there to make the hostel a nice place for everyone.

In case of fire: If the alarm goes off (either a bell or siren), leave your room immediately and head to the parking lot by the sports court. The staff will gather everyone there and do a headcount.

Never ignore the alarm – it could be serious.

If you set off the alarm on purpose or by messing around, you'll get a bill for DKK 5,500. Ouch.

Smoking: No smoking anywhere on campus – not indoors, not outdoors. That includes vapes and e-cigarettes.

Break this rule? You'll be charged for extra cleaning.

Alcohol and drugs: No alcohol or drugs are allowed at the hostel. You can't use, store, or sell it.

The staff may check if there's any doubt – and if you break this rule, you'll be expelled and reported to the police. No second chances here.

Your room: Keep your room tidy and clean – you're sharing this place with others.

You can borrow a vacuum cleaner and get extra toilet paper or bin bags from the depots or the office.

We do monthly room checks – just so you know.

Also, please don't take plates, cups or anything from the canteen into your room.
